AMENDMENT

Technology Center 2600

Sir:

In response to the Official Action dated November 7, 2002, please amend the above-identified application as follows:

IN THE CLAIMS:

Please substitute the following amended claims 1-3 and 7-17 for corresponding claims previously presented. A copy of the amended claims 1-3 and 7-17 showing current revisions is attached. Please add new claims 21-23 without prejudice or disclaimer.

C  
AU

1. *(Amended)* In a radio communications network including a base station communicating over a radio interface with a mobile station, a method comprising:  
determining a first reference timing adjustment for the base station and a second reference timing adjustment for the mobile station;  
effecting a change in a reference timing of the base station during a first time interval using the first reference timing adjustment, the base station reference timing being used by the base station to determine a time when a block of information starts or ends; and  
effecting a change in a reference timing of the mobile station during a second time interval different from the first time interval using the second reference timing adjustment,
